THE COLLECTION OF
NORTH CAROLINIANA

FOR USE ONLY IN
THE NORTH CAROLINA COLLECTION

**Index to the *Independent Weekly*
1997**

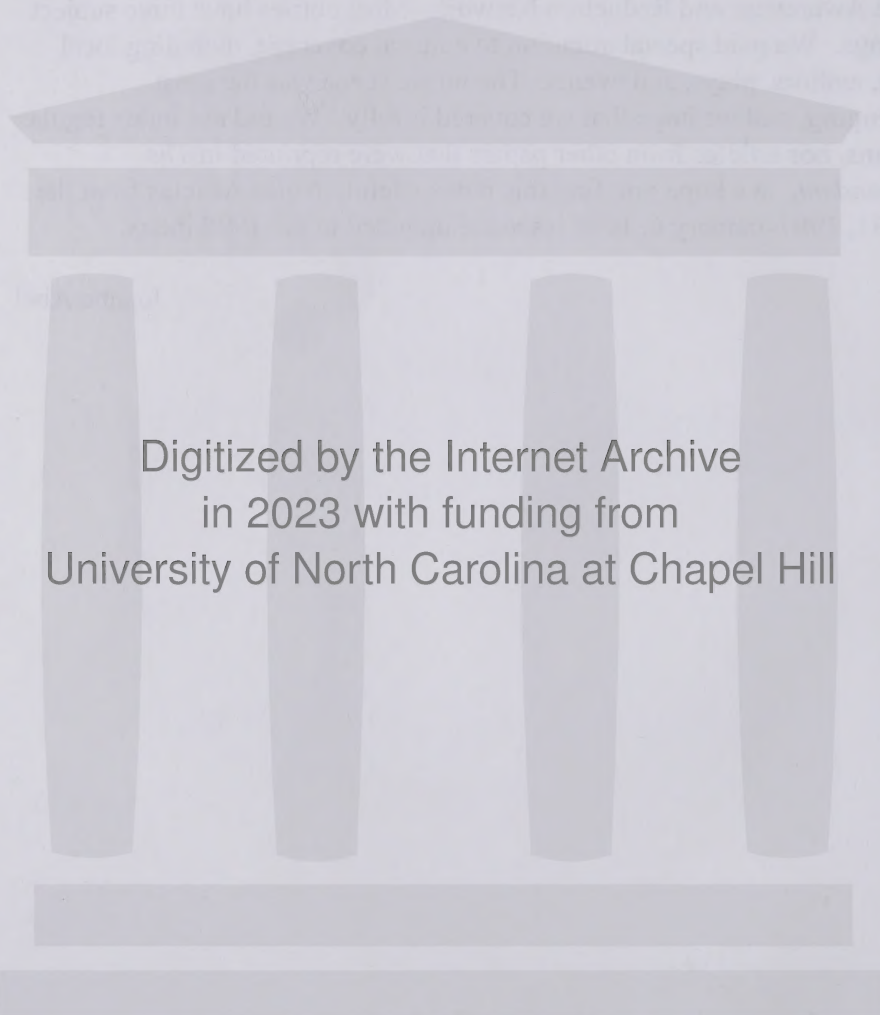

**Compiled by
Julie C. Doepken, Joanne Abel, and Shannon
Salter, with technical assistance from
Phil White**

Durham County Public Library

1998

This index was originally produced for in-house use at the Durham County Library. We did not use standard subject headings in large part, opting for natural English terms. Any organization beginning with North Carolina is placed under NC. We did use full names of groups rather than their acronyms. For example, articles about NC WARN are located under NC Waste Awareness and Reduction Network. Most entries have three subject headings. We paid special attention to cultural coverage, including local bands, authors, plays, and events. The music scene was the most challenging, and we hope that we covered it fully. We did not index regular columns, nor articles from other papers that were reprinted in *The Independent*. We hope you find this index useful. **Note:** Articles from the Dec. 31, 1997-January 6, 1998 issue are included in the 1998 index.
